R.E Software Engineer

Dear Micheal,

I am glad to contact you upon learning that Getfit technologies has an opening for a new Software Engineer. For several years I have focused my career path and academic pursuits on Computer Science and completion of Higher National Diploma program with Yaba College of Technology. I am a highly motivated and progress-focus Software Engineer, With a track record of initiative and dependability, I have devised strategic initiatives which I believe will prove valuable to Getfit Technologies.

I possess the primary skills needed for the job, including Javascript, PHP and Bootstrap. Additionally, problem-solving ability and teamwork are part of my skill set, with proficiency in critical thinking. I am progressive minded and in tune with new developments I have proven to be effective and collaborative with strong organization talents. I enjoy collective brainstorming sessions which allow me to coordinate activities to achieve a common goal.

For further details of my qualifications, background, and academic history, please find my resume attached. I am confident that I can contribute positively to the Software Engineer role and I welcome the opportunity to speak with you at your earliest convenience.

Sincerely,
Korede Faleye
